Heaven intended should be granted to every woman.

Thousands fail of this because they have neglected to look after their health in a womanly way. The health of a woman's babies is dependent upon her own health during the period of prospective maternity. The prospective mother cannot be too particular about her physical condition. If she suffers from local weakness, nervousness or loss of vigor and virility, her children will be weak, puny and sickly. Dr. Pierce's Favorite Prescription is the only unfailing cure for all weakness and disease of the delicate and important organs that bear the brunt of maternity. It makes these organs strong, healthy, vigorous, virile and elastic. It makes the prospective mother strong and cheerful. It robs maternity of its perils. It insures a baby constitutionally strong. It is the invention of an eminent and skillful specialist, who has had thirty years' training in this particular branch, during which time he and his staff of physicians have prescribed for many thousands of women. Medicines dealers sell it and an honest dealer will not urge upon you an inferior substitute merely for the little added profit he may make thereon. "I am the mother of a nice baby four and a half months old," writes Mrs. J. B. Clough, (Box 203.) of Lisbon, Grafton Co., N. H. "I cannot give too much praise to Dr. Pierce's Favorite

FREE ONE TRIAL F ONE TRIAL BOTTLE This Offer Almost Surpasses Belief An External Tonic Applied to the Skin. Beautifies it as by Magic. THE DISCOVERY OF AGE A Woman was the Inventor.

Many preparations intended to beautify the complexion have failed, since they d not produce a tonic effect on the skin. Because the Misses Bell's Complexion Toni has such an effect, it succeeds where all mere cosmetics invariably fail. This grea remedy, discovered by the Misses Bell, the eminent complexion specialists, of No. 79 Fifth Avenue, New York City, carries off all impurities, which the blood forces to the surface of the body. It is exhilarating and vitalizing wherever applied. Freckles, pimples, blackheads, moth patches, wrinkles, liver spots, roughness, oiliness and erup-

tions disappear, and the skin becomes soft and rosv as a baby's. The Misses Bell will this month give to all who call at their parlors a free trial bottle of their Complexion Tonic. Those who live at a distance may have a free bottle
